REGISTRATION TYPE

FEMALE Dexter Cattle Herdbook Animal Registration for is available as:

- **A:** an electronic Herdbook Entry with a Certificate Supplied at the time of registration; or
- **B:** An Electronic Herdbook Entry only with no printed Certificate Supplied. *Registration Certificates can be purchased at any time in the future.*

MALE Dexter Cattle Herdbook Animal Registration is available as:

- **C:** an electronic Herdbook Entry with a Certificate Supplied at the time of registration.

These options are priced accordingly. Prices are published on the DCAI fees and charges schedule.

NB: *Members intending to exhibit animals at Shows or public Field Days should check the requirements of the respective show society or organising body before selecting a registration option.*

TATTOO: *All animals registered in the DCAI Herdbook must have an allocated tattoo recorded at the time of registration. It is not mandatory to apply a tattoo to the animal but it may be required for showing, exhibitions or to meet state livestock legislative requirements.*

DNA: *It is important to note if the animal you are registering has a Mip or SNP DNA Profile so it can be included on the Herdbook Database. If you are not sure please refer to your DNA test results or email the Registrar for assistance. Worst case: Leave it blank rather than guess.*

GRADE: *Animal Grades will be allocated in strict accordance with the DCAI Herdbook*

DAM OWNER: *If you were not the owner of the Dam at the date of the birth of this animal this animal must be registered by the owner and transferred to you.*

DEXTER BULLS:

Dexter bulls must be proven to be free of PHA by way of testing or be proven to be free by inheritance to be eligible for Registration.

SUBMISSION CHECKLIST

- DNA TEST RESULTS (Mandatory)
- BD1 Test Results (optional)
- PHA Test Results Mandatory for bulls not proven to be Free by Inheritance. Optional for Females.
- SIGNED BREEDER DECLARATION
