DNA Test Kits

Email karen@lbcentre.com.au Hair Cards (5 cards) - \$7.70 Hair Cards (10 cards) - \$13.20

Invoice & Payment

LBC will invoice you. Once payment is made, the Hair Cards will be posted.

Collecting your sample

DCAI Council Members to discuss

Submitting your sample

Please complete a submission form and send a copy with your samples, AND a copy via email to naa-lab@neogen.com

DNA Testing

There are a variety of DNA tests available via Neogen.

The Neogen DNA Testing Price Schedule for testing via DCAI can be found on our website: hwww.dextercattle.org.au

Animals must be assigned a DNA Case number, and the Sire and Dam must qualify as parents of that animal to register.

Are you registering a bull calf? Bulls must have a PHA result. They can qualify as Free by Inheritance if both the Sire and Dam have a PHA result OR they can be tested.

Tests Required

What must I do to register?

Have you got the correct information?

Double check your animals' details on the LBC website. In particular, DNA Case Number, Tattoo, DOB, Sire and Dam DNA Case Number

> How will DCAI get the original report?

Testing through DCAI v testing privately.

What next?

How do I receive my DNA results?

DCAI Member

Results are submitted to Neogen by the DCAI Member

Neogen

Neogen perform the testing and send the results to DCAI at LBC

DCAI and LBC have no control over the time it takes to receive the results

DCAI Member

Once payment is made for the DNA results the Registration Application can be submitted.

LBC

Neogen send the results to DCAI at LBC. LBC send the results to the DCAI Member.

LBC invoice the member for the testing after receiving the account from Neogen.

Online Registration

To access the online registration form, go to the Member Login section of the Dexter website or the LBC website.

Login using your email address and membership number.

Complete the online form.

You can either submit your credit card details online or direct deposit the funds.

Services Cattle Horses Other Conta

a Incorporated (DCAI)

attle Australia Inc.

noice For Lifestyle and Performance

ly around two thirds the size of mainstream British breeds, choice for small to medium sized land holdings.

wity and productivity, Dexter cattle are an investment well worth ng stock for your property.

r cattle are unsurpassed for ease of calving and mothering ally protective of their young and generally have an abundance of ungsters that grow quickly.

naturally horned, Dexters are also available in red and dun coat y polled animals becoming more common.

generally have a personable temperament. They are very easy to train for general management, milking and showing.

What do LBC need? Can my application be processed?

DNA Results

- Have LBC received DNA results direct from Neogen.
- Do the parents qualify?
- Are you registering a bull? Is there a PHA result?
- Do the details on the Application form match the DNA results? i.e. DOB etc
- Do the DNA case numbers on the DNA results match the database?

Registration Application

- Does the results on the Application form match the DNA results.
- Do you own the dam?
- Do you own the sire? If not, there must be a declaration of service form completed, signed by the owner of the sire.

- Have you paid for the Registration?
- Have you paid for the DNA results?
- Are you a financial member?
